## Modern, Intuitive Grants Management for Funders

Blackbaud Grantmaking helps organisations give more effectively with a simplified and holistic view of the entire grants programme. With powerful grants management tools, you can drive closer collaborations with your grantee partners, ease your staff's administrative burdens and inform your grant investment decision making with easily accessible data and analytics. As a fully online solution that is browser agnostic, it delivers grantmaking capabilities when and where you need them, without installing software, maintaining hardware or the risk of losing your vital data.

With Blackbaud Grantmaking, your organisation uses a hosted, web-based solution to:

### Increase efficiency

Smart workflows enable your team to spend less time on administrative tasks and more time applying their expertise where it really matters.

### Produce more meaningful results

Streamline giving and see the measurable impact of your grantmaking investments. Quickly analyse and report on your data with dashboards and powerful reporting tools, which provide insights and tell your impact story in a consistent, proven way.

### Drive collaborative impact

Grantees, reviewers, board members, and organisational leaders connect and contribute to your giving processes, making it easier for all participants to collaborate and enhance the impact of giving.

“The flexibility of the system allows us to be considerably more efficient and effective in the way that we distribute our grants ...and ensuring that all team members can access the data and processes they need, wherever they are, is critical in ensuring we're driving towards our goals.”

—Paul Richardson, Senior Executive,  
British Film Institute

# Blackbaud Grantmaking delivers the capabilities you need to streamline every aspect of grantmaking

## Empower applicants and grantees

- Applicants apply using online forms that pre-screen for eligibility based on your specific requirements.
- Clearly defined requirements ensure that applicants provide complete documentation.
- Grantees send progress and final reports more easily and faster online.

## Capture, search, and manage grants data easily

- Once data is entered it is incorporated into your workflow.
- View and review data on charts, track grantee history and create reports on virtually any aspect of your giving.
- Keep track of documents by linking them to specific grants or organisations.

## Use integrated tools to simplify budgeting and financial management

- Create payment schedules, link payments to a fund or your general ledger and view payment forecasts.
- Allocate funds and view real-time budget, commitment, balance and payment data.
- Generate one-click budget reports from your personalised homepage.

## Measure and understand results

- Analyse data and use reporting tools to gain a deeper understanding of your grantmaking.
- Instantly access your entire giving portfolio to effectively measure the impact of your giving.
- Apply insights and your expertise to look for ways to make your giving more effective.

## Keep board members updated

- Custom configure homepages to provide board members instant access to a visual snapshot of data that is relevant to them.
- Board members save time – their own and yours – with direct access to information, anywhere and at any time.

## Accelerate and enhance reviews

- Automatically track assigned proposals, collect reviews and organise feedback.
- Internal staff and external subject matter experts review proposals and provide comments online, accessing authorised information only.
- Tailored online reviews ensure that you receive complete and consistent feedback.

## Make better decisions

- Find patterns and draw conclusions with your data using reporting tools to gain a deeper understanding of your grantmaking.
- Apply insights and your expertise to look for ways to make your giving more effective.
