FIMS 14.43: Enhancement

The following enhancement is included in this release.

Show Pending (unposted) Gifts in DonorCentral

FIMS 14.43 was enhanced to enable display of unposted contributions in DonorCentral. *Contributions* include gifts as well as pledges (if pledge options are turned on). Data available in DonorCentral includes:

- Unposted pledge detail when the DonorCentral option, Export_Pledge_Detail, is set to yes
- Pledge payments (gifts for pledges) when the DonorCentral option, Export_Pledge_Payment_Detail, is set to yes

New DonorCentral System Options that facilitate the flow of unposted records are: RTS_Unposted_Gifts (On/Off) and Include_Unposted_Gifts (Yes/No)

Note: This enhancement does not apply to legacy eDonorCentral.
